

A large, high-resolution photograph of a woman with dark hair, wearing a white dress, smiling warmly. The image is partially obscured by a large, white, triangular graphic element that points towards the top right corner. The background of the entire advertisement is a vibrant, multi-colored digital glitch effect consisting of horizontal lines in various colors (red, green, blue, yellow, purple) that create a sense of motion and modern technology.

# EXPERIENCE THE JOYS OF SOFT WATER. **FOR LIFE.**

INTRODUCING THE PENTAIR HOME  
CONNECTED WATER SOFTENER

Connected devices improve our health, enhance our lives and keep our families safe.

# TAKE CONTROL OF THE WATER IN YOUR HOME

## Get Information With Ease

Use the Pentair® Home app to check your water softener system's status from anywhere, anytime. Monitor your salt level and receive alerts when it's time to refill, ensuring a continuous supply of soft water. The Pentair Home app even lets you track water usage to help you make smarter water choices for your family.

## Protect Your Water Without Worry

Receive text or email alerts when it's time to schedule maintenance or if service has been interrupted. You can also have those same alerts sent directly to your local service technician professional to keep them in the loop and keep your water softener running smoothly. No more hard water spots, glassware spot free and skin healthy.

## Find a Professional You Need It

Use the app's locator tool to find and connect with your local water treatment professional. Save time and money by allowing your service technician to review softener system information remotely and troubleshoot problems over the phone. Enjoy the peace of mind knowing that your water is always properly softened and protected, protecting your home's appliances and fixtures.
